

The Power of YES!

This presentation was created by members of Donate Life Wisconsin organization. The intent was to standardize driver education instruction to meet the Wisconsin State Legislature Statute which mandates 30 minutes of instruction related to organ and tissue donation.

Wisconsin State Legislature Statute #343.71: Driver school records, curriculum, and operations.

- (5) The department may not license a driver school unless its approved course of instruction does all of the following:
- b) Provides at least 30 minutes of instruction relating to organ and tissue donation and organ and tissue donation procedures

****Volunteers at Donate Life Wisconsin would be happy to assist you in meeting the above requirement. If you would like a volunteer to present, please contact Donate Life Wisconsin at <https://donatelifewisconsin.org/contact-us/>.*

The presentation also intends to provide information to future drivers about making an informed decision before registering for donation on their driver's license application, and ultimately registering to be a donor.

Objective:

1. To provide information to assist new drivers in making an informed decision about registering as a donor and saying YES on their driver's license

The attached slide presentation and additional resources serve to meet these targeted outcome:

Targeted outcome: The student will be able to (TSWBAT):

- a. describe the need for donation
- b. state who is eligible to donate
- c. state what organ and/or tissue a person can donate
- d. explain how the donation process works
- e. express the importance of making a decision AND the importance of discussing this decision with your family
- f. find more resources, if needed
- g. make an informed decision regarding donation

****The slide show, as created, will meet all of the above targeted outcomes, please use it as part of your presentation. Feel free to interject your own experiences while using this slide show. The lesson plan below includes a link to the slide show and additional resources not included in the slide show. Feel free to print these additional resources for the students and use them as handouts.*

***Instructors: If you use this presentation, Donate Life Wisconsin would like to present you with a small token of appreciation for you and all of your students. Please notify Donate Life Wisconsin using this [Contact Us](#) form.

***Volunteers: If presenting in person, please be sure to have DLW merchandise with you as a handout.

Slide Show: The Power of Yes!

Targeted outcome	Resources
Pre-test	Slides #5-21
TSWBAT describe the need for organ donation	Slides #25-26 <ul style="list-style-type: none"> • DLW Fact Flyer • Donate Life America Stats
TSWBAT state who is eligible to donate organ and tissue	Slides #27 <ul style="list-style-type: none"> • Donate Life America: Types of Donations • Please mention that It's rare to be someone's "donor hero/miracle" when we die. Though anyone age 15 and up can register/ give their legal consent to be a donor, less than 3 percent of us die in a way that we can be considered to help others through organ donation. (We must be in a hospital, on a ventilator, and in an end-of-life situation).
TSWBAT state what organ and/or tissue a person can donate	Slide #28-29 <ul style="list-style-type: none"> • As mentioned on the slide, to use slide #28, you cannot be in presentation mode. • Health Resources and Services Administration: organdonor.gov • DLW: What Can Be Donated?
TSWBAT explain how the donation process works	Slide #30 <ul style="list-style-type: none"> • Organ Donation and Transplantation: How Does it Work? • DLW: The Donation Process
TSWBAT express the importance of making a decision AND the importance of discussing this decision with loved ones	Slides #31-34 <ul style="list-style-type: none"> • Slide #32, Michaela's Story, is hidden. Feel free to use it if you have time. • Show Tristan's video: https://www.youtube.com/watch?v=Nd
