

# The Power of YES!

*This interactive PowerPoint presentation is designed to provide important facts to future drivers before they consider their decision about registering as an organ, tissue and eye donor on their driver's license application.*

*Donate Life Wisconsin (DLW) has created this presentation to provide drivers education instructors (or Donate Life volunteers) with relevant educational content which meets the requirements of the current Wisconsin Statute #343.71:*

## **Legislature Statute #343.71: Driver school records, curriculum, and operations.**

- (5) The department may not license a driver school unless its approved course of instruction does all the following:
- b) Provides at least 30 minutes of instruction relating to organ and tissue donation and organ and tissue donation procedures.

*The presentation and reference resources meet the following objective and targeted outcomes:*

### **OBJECTIVE:**

1. Provide information to assist new drivers in making an informed decision about registering as a donor and saying YES on their driver's license

### **Targeted outcomes:**

The student will be able to (TSWBAT):

- a. describe the need for organ and tissue donation.
- b. state who is eligible to donate.
- c. state what organ and/or tissue a person can donate.
- d. explain how the donation process works.
- e. express the importance of making a decision AND the importance of discussing this decision with your family.
- f. find more resources, if needed.
- g. make an informed decision regarding registering as a donor.

*INSTRUCTORS: The lesson plan below includes a link to the slide show and additional resources not included in the slide show. Donate Life Wisconsin encourages you to print these additional handouts for students to share at home with their family.
